

Webdesigner Internship

OptimalNachhilfe is a company which is specialized in education and e-learning. With our offices in Germany, Belgium and in Spain, OptimalNachhilfe is operation very internationally. At OptimalNachhilfe it is our business to find qualified tutors for all students and pupils in the entire German-speaking world. It is our goal, to precisely provide the right teacher for everyone.

We want to give you the opportunity to make a unique experience. Our international team in Germany, Belgium or Spain is waiting for you. At OptimalNachhilfe, **we combine work with a lot of fun!**

Your tasks

You will be responsible for supporting our CTO with the further development of our Drupal-7-Website. Our multi-database-website is based on one backend and one frontend for each country, in which we operate.

- Develop new designs and graphics
- Frontend development and optimization (CSS and HTML5)
- SEO (title tag optimization, URL structure, page speed, ...)

Requirements

- Currently enrolled student or recent graduate of computer sciences, business informatics, media design, graphic design or similar studies
- Interested in cutting-edge web development technologies
- Good Photoshop skills (or similar graphics editors)
- First experience in CSS and HTML5
- Good level of English

What can you expect?

- Improve your graphic design and coding skills
- A great learning experience in a short period of time and the opportunity to produce new ideas
- An exciting internship with a young and international team

Application and compensation

- Starting date: As soon as possible
- Duration: At least 4 month
- Working certificate: will be issued for official university purposes etc.
- Working schedule: flexible hours and part time possible
- Compensation: depends on prior qualification

If you are interested send us a brief motivation letter and your CV jobs@optimalnachhilfe.de. We are looking forward to hearing from you and receiving your application.

Dipl.-Ing. Thomas Koller
